Did you ever wonder what's happening with technology in Seattle Schools?

Have you ever wanted to ask somebody in another school how technology is working for them?

Have you ever needed extra help with a computer in your classroom or school?

Did you ever want to express an opinion on, or get into a conversation about technology?

For more information, or for help on subscribing, email [tictech\\_moderator](mailto:tictech_moderator@halcyon.com)  
Mark Ahlness:

Mark is a third grade teacher at Arbor Heights Elementary.

Well, then...

Join tictech, a moderated email discussion list. Tictech is a forum for distributing information and discussing issues about technology in education, especially as they pertain to the Seattle School District. The list is open to all: classroom teachers, tech specialists, administrators, parents - anyone interested in discussing the use and promise of technology in education.
